

# THE ELECTION.

**FOR THE MIRROR.**

To the People of Monongalia County:

Understanding that it is currently reported through the country that Mr. M. Dent, a candidate for the Clerkship of the County Court of this County, has exagerated or intends to engage me at his deputy should he be elected; I would state that with Dent and I never had a conversation in reference to the Clerkship, or pertaining to his being a candidate for said office, until since said report has been circulated. I don't know who said Dent intends to do it if he should be elected, but I know that, as to him ever having said a word to me on the subject, it is *wholly false*. W. M. EVANS.

April 26, 1852.

To the Voters of Monongalia County:

I learn through my friend Dent, that it is generally believed that if he, said Dent, succeeds in his election, that I am to be his deputy. I say, gentlemen, emphatically that I most positively would not accept the Clerkship entire; let alone serve as a deputy—for I look upon it as too small a business for me. And further, I have never asked any favor at the hands of the public nor do I expect to.

Yours, respectively,  
GEO. D. EVANS.  
Morgantown, April 26, 1852.

To the People of Monongalia County:

As it is reported that Jesse M. Trippet, by unjust means, cheated me out of my term, I deem it my duty to state to the public that said report is entirely false, and one that has been gotten up simply to defeat his election. I have had dealings with Mr. Trippet to some considerable extent, and have always found him to be a perfect gentleman. In 1849 I sold my farm to said Trippet for a certain sum of money, for which he executed to me his obligations. In about two weeks after said sale I became dissatisfied, and informed Trippet of the fact and told him I could do better by selling to John Hanway, who for some time had been trying to purchase of me. Mr. Trippet said if I could do better by selling to Mr. Hanway, or any other man, I was welcome to do so, and released our contract, telling me at the same time he should be glad if I could do better. Mr. Hanway and Mr. E. W. Towner surveyed my land, and after this was done, said Hanway would not offer me as much by two hundred dollars as Trippet had given me; and I at that time consulted Mr. Towner, and told him what Trippet had given me, and his advice was for me to sell to Trippet, for his offer was more than I thought I could get elsewhere. I then, after due consideration, sold to Trippet, and transferred his obligations to other men; and since that time have had no dealings with Mr. Trippet of any importance.

N. B. It is also reported that Mr. Trippet had won by gambling the effects of what I received for my land, which report I say most emphatically is false in every particular. And I further state to the citizens of old Monongalia that I never gambled with Mr. Trippet in any way, shape or form, for once cent, neither do I believe Mr. Trippet has been known to gamble for the last seven years.
